

## Fear—But It Passes

HOPE churches are advised today by Dr. P. B. Carrigan, city health officer, that Sunday school classes may be held as usual this week-end.

The public schools, which suspended last Tuesday noon as a precautionary move following the announcement of one case of infantile paralysis in the city, will reopen Monday morning.

So little is definitely known about the nature of acute poliomyelitis (infantile paralysis), and so great is the public's fear when a case is reported, that this may be a good time to publish as many of the facts as are really known—and they happen to be somewhat reassuring.

Writing in the September issue of the Tri-State Medical Journal (Shreveport), Dr. S. George Wolfe of Shreveport makes the following statement... quoted in excerpts:

## Black Admits He Once Joined Klan But Later Quit It

Supreme Court Justice Defends Tolerance Record in Radio Speech

### BREAKS PRECEDENT

Is First Supreme Court Judge to Speak Directly to People

WASHINGTON.—(AP)—Associate Justice Hugo L. Black told the nation Friday night that he once joined the Ku Klux Klan but later resigned.

On that account, he said an effort is being made to "convince the people of America that I am intolerant, and that I am prejudiced against people of the Jewish and Catholic faiths and against members of the negro race."

The principal attack of recent weeks on Black's appointment to the court had been based on the assertion made in a series of newspaper articles that he held a life membership in the hooded order.

Black's address, without precedent, was delivered from the home of his close friend Claude Hamilton, Jr., an assistant general lawyer for the R.F.C. Before the address he and Mrs. Black dined with the Hamiltons and then proceeded to the living room, where furniture and rugs had been shoved aside to make room for elaborate broadcasting equipment.

Seen Peril to Constitution  
The text of his address follows:  
The constitution is the supreme law of our country. The bill of rights is the heart of the constitution. The constitutional safeguard to complete liberty of religious belief is a declaration of the greatest importance to the future of America as a nation of free people. Any group or action by any group that threatens to bring about a result inconsistent with this unrestricted individual right is a menace to freedom.

Let me repeat:  
Any program, even if directed by good intention, which tends to breed or revive religious discord or antagonism, can and may spread with such rapidity as to imperil this vital constitutional protection of one of the most sacred of human rights.  
I believe that no ordinary maneuver executed for political advantage would justify a member of the Supreme Court in publicly discussing it. If, however, that maneuver threatens the existing peace and harmony between religious or racial groups in our country, the occasion is not an ordinary one. It is extraordinary.

Campaign Charged  
During my recent absence on a short vacation abroad, a planned and concerted campaign was begun which has the flames of prejudice and religious hatred. If continued, the inevitable result will be the projection of religious beliefs into a position of prime importance in political campaigns and to reinforce our social and business life with the poison of religious bigotry. It will bring the political religionist back into undesired and perilous influence in affairs of government. It will elevate the least worthy to political positions because religion or race bars others from a passport. It will resurrect practices and arguments from which this country suffered sorely in the nineteenth-century. It will revive the spirit which, in 1928, caused a national campaign to be waged largely upon issues unworthy of a free people. It will bankrupt many business men whose sole offense is that they have religious beliefs which do not accord with the prevailing religion in their communities. It will punish the professional man whose patients and clients boycott him, not because

## CRANIUM CRACKERS

1. Every American citizen should be able to name at least five territories or dependencies of the United States.
2. A student gave the following definitions. Which should the teacher mark correct?  
Stage—grasp.  
Perret—a weasel-like animal.  
Grovell—course sand.  
Martial—pertaining to war.
3. Name a state capital west of the Appalachian mountains which was named after a President.
4. Joe McDonald had a farm and on the farm he kept pigs and chickens. The pigs and chickens together had 25 heads and 66 feet. How many pigs and chickens did he have?
5. An ibis, we are told, just has to be:  
A bird; a goat; a fish; a country flower.

Answers on Classified page

The subject of poliomyelitis is one of great complexity, in spite of the fact that most of us upon hearing that term immediately think of a closely knit syndrome, occurring in children, ushered in by fever and acute illness, accompanied by a stiff back, and followed by paralysis in three to seven days. The spinal fluid shows 50 to 100 cells, with a slight increase in globulin.

Until around a decade ago, such a description would have been a fairly adequate one for the condition known as infantile paralysis. Since then, however, due to the accumulation of much information, particularly on virus diseases, we have had to revamp our ideas considerably. It is probably incorrect now even to refer to the disease as paralysis since that end occurs in only 25 per cent or so of the cases. This percentage, of course, varying with epidemics.

Two predisposing factors, age and season, are of considerable influence in this disease. Those between the ages of one and five are most frequently affected, although in some epidemics an unusually high incidence of the disease is found in adults. As to season, 90 per cent of all cases occur in the months of July, August, and September.

## Press Is Bitterly Critical of Black

Nomination "Tragic Blunder" Declares Democratic New York Times

By the Associated Press  
BOSTON POST (Id. Dem.): "One who associates with bigots, bids for their support, takes the bigots' oath and then is so taken that he allows his friends in a crisis to deny it all, can't clear himself by asserting it was all contrary to his real character."  
"Justice Black has pleaded guilty. Had he made these admissions before, he would neither have been appointed nor confirmed. Thus he gained one of the highest positions in the land by false pretenses. He should resign."

Worcester, Mass., Telegram (Rep.): "Hugo L. Black, newly-created justice of the United States Supreme Court, last night made perhaps as good a plea in his own defense as could be made under the circumstances. But it remains the plea of a man who was caught with the goods."

Cleveland Plain Dealer: "His public repudiation of his former colleagues comes too late to justify his acceptance now as a member of the Supreme Court. He goes tagged to his judicial post. He ought to resign."

Los Angeles Times: He uttered words in conflict with established fact. And he managed to contradict himself. His preface statement concerning the importance of religious freedom and the inalienability of the guarantees in the bill of rights was well enough, and could be considered forthright and proper if his sincerity was not open to question.

New York Herald-Tribune (Republican): "Mr. Justice Black's whole conduct since the charges of Klan membership were brought against him has been that of a coward. He has now added the vice of hypocrisy to his record of evasion. It is now for President Roosevelt to speak. The country has been patient and ready to believe that he acted hastily and without due knowledge."

## Bobcats Roll Over Smackover 20 to 0

### Buckaroos Battle on Even Terms to the Final Period

Bright and Ramsey Put Over Two More Tallies to Cinch Game

#### FIRST DOWNS 13-9

Smackover's Running and Passing Attack Is Led by McHanev

By LEONARD ELLIS

Grimping Vasco Bright "went to town" again Friday night to play the hero role in Hope High School's 20-0 victory over the Smackover High School football team before approximately 2,500 fans at Hammond's Stadium.

Besides shouldering the brunt of the Bobcat offense, Bright played a nice defensive game. He reeled off a 61-yard sprint through the Buckaroo team to score Hope's first touchdown in the opening quarter and early in the final period broke through the line for a 40-yard touchdown run.

A few minutes later, after the ball was advanced to the 15-yard line, Bright fired a pass to Percy Ramsey, Hope left end, for the third touchdown of the game.

Woodrow Parsons kicked and ran to score Hope's two extra points after touchdowns.

Smackover Has Power  
The Buckaroos presented a snapping team, featuring McHanev, Smackover quarterback, who did most of the running and passing for the visitors. McHanev tossed a total of 23 passes in a desperate effort to score, four being completed and five intercepted.

The Bobcats threw 14 passes, two being completed and none intercepted. The first downs were Hope 13 and Smackover nine.

Except for Hope's score early in the first period, the Buckaroos fought the Bobcats about on even terms throughout the opening quarter and throughout the middle of the third period the Bobcats began to wear down their opponents, paving the way for two touchdowns in the final quarter.

Leonard Bearden, substitute half-back who went into the Bobcat lineup in the fourth quarter, got away with several nice runs. He executed a beautiful lateral to Bright—but the Bobcat quarterback was "fagged out" and fell to the ground on the play.

The second quarter was a battle between the two lines, neither team making a serious threat to score. Ramsey punted out on the Buckaroo 30 as the half ended, Hope leading 7 to 0.

The First Quarter  
Smackover received, Daly returning to his 25. After little gain on three plays, the Bucks punted on fourth down. Bright was downed on his 39. On the first play he found that Big Freeman Stone had made a hole in the right side of the line, shot through the opening and into a clear field, getting away for 61 yards and touchdown. W. Parsons converted.

Smackover received, McHanev returning to his 25. McHanev plunged through the line for 10 yards and first down. Fullback Joe Eason then intercepted a pass, giving Hope the ball on the Smackover 45. Three plays failed for first down and Bright got off a weak punt that rolled out on the Smackover 30.

A line play failed and then Bright recovered a fumble on the Buckaroo 25. After no gain, Bright punted weakly to the Buckaroo 27. McHanev and Daly plunged for first down. McHanev tore through the line for 10 yards and then fired a pass which was intercepted by Bright on his 43.

Bright tore off 25 yards on an end run to his right. Aslin hit the line for 2. Bright made five and then 2. Eason plunged for first down to put the ball on Smackover's 21. Eason and Bright made a yard each. Bright then picked up 2 and on fourth down flipped a pass which was grounded. The quarter ended.

Second Quarter  
Smackover took the ball on its 16. Daly tore off 10 yards around end. McHanev swept around end and for nine and then fumbled. Woodrow Parsons recovered for Hope. Bright got loose on a nice run around end, being brought down by the Buckaroo safety man. Three passes failed and Smackover took the ball on its own 30. McHanev, Daly and Scott made a first down through the line. Hayden and McHanev advanced it nine more yards. The Bobcat line held on the next two plays and Hope took the ball in mid-field. Bright made five yards and then Aslin made it first down with a 14-yard run through the line.

Captain E. H. Barker recovered a Hope fumble on the Buckaroo 35. McHanev, after three plays failed, punted out on the Hope 20. Two plays failed.

### Ramsey Takes 15-Yard Pass to Score Hope's Final Touchdown

Percy Ramsey, left end

The movement to establish Yale University was started by a group of Harvard University graduates.

## MIND Your MANNERS

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. May a note of condolence be written on a typewriter?
2. Should a business man whose wife is away dictate his letters to her?
3. Is it good taste to begin a business letter with "Dear Friend?"
4. Should one end a business letter in which a favor is asked with "Thanking you kindly?"
5. Should one close a letter to a newly made acquaintance with "Lovingly?"

What would you do if—  
A friend fails to answer your last letter—

- (a) Wait until he answers before feeling free to write again.
- (b) Write and "call him down" for neglecting you?
- (c) Write him a newsy letter and ask him some questions?

- Answers
1. It is much more personal if written by hand.
  2. No.
  3. No.
  4. No, say, "I should appreciate this very much."
  5. No. "Sincerely yours" would be more appropriate under the circumstances.

Best "What would you Do" solution—(c).

## German Boy Can Go Far If He's a Nazi

But the Lad Has to Sink Own Personality Beneath That of State

This is the third in a series of five articles examining, closeup, the average boy of 14 in Europe today. His prospects for the new school term—and for the future—at the age when, in America, he would this month be entering high school.

BERLIN.—(AP)—Fourteen-year-old Hans Muller, intelligent, efficient and politically reliable from the Nazi point of view, has unlimited opportunities for advancement in the Third Reich. Like Napoleon's corporal, this blond, apple-cheeked school boy carries a marshal's baton in his knapsack.

Trained to be intensely proud of his race, of Hitler, of his youth leader, Baldur von Schirach, and of the lesser Nazi lights, and pledged to sink his own personality into that of the state, Hans—mythical but typical—has few difficulties to face in shaping his career.

All On the Record  
His "abnepass" (pedigree record) is clear, for he has no Jewish parents or grandparents. His physical and mental aptitudes, especially his achievements in sports, are on record. And he is known to be an aviation enthusiast.

Most important of all, he promises to be a hefty six-footer and therefore may aspire to enter the ranks of Hitler's elite black-uniformed bodyguard.

But whether Hans prefers to enter

### No Social Credit, 'Utopia' Fading in Canadian Province

Political Rebellion Faces Premier Aberhart in State of Alberta

#### HIS PROMISES FAIL

Payment of "Social Dividends" to Everybody Never Is Begun

By NEA Service

CALGARY, Alta.—For more than two years the world's first Social Credit government has been in power in Alberta. But Social Credit is yet to come, and in some respects it seems farther from realization than it did back in August 1935 when William Aberhart was swept into the premiership at the head of the largest party group ever to sit in the provincial legislature, 56 out of 63 seats.

The promise that led Alberta farmers to put Aberhart in office was the one put forth by Major Clifford H. Douglas, Scotch economist, who envisioned a regular "social dividend" to every citizen—in cash to boost purchasing power—and a government-fixed "just price" for goods at retail. The government is to make good to the storekeeper and the difference between that "just price" and the real cost.

Aberhart, the evangelist, teacher, and radio speaker, was elected to put such a program into effect.

Not in Effect Yet  
Today, more than two years later, it is not in effect, and there is a rising reaction against the Aberhart administration, partly because of his failure to fulfill the campaign promise, partly because improved crop conditions in many parts of the province are tending to wean many farmers from the Social Credit idea.

The People's League, a new organization rapidly expanding throughout Alberta, now claims 50,000 anti-Aberhart and anti-Social Credit members. The league's first public rally at Calgary drew 8500 people by actual count. They demanded Aberhart's resignation. Efforts are being made to fuse into this movement the Liberal and United Farmer parties, thus presenting a united anti-Aberhart front.

A petition for Aberhart's recall is also being circulated in his own constituency of Okotoks-High River, and if it gains the signatures of 66 2/3 per cent of all electors, Aberhart might find himself out of office as suddenly as he gained it.

A "10-Year Plan"  
But on the other hand, Aberhart gives no sign of yielding to this rising pressure. Fifty Social Credit members of the Alberta legislature have signed a "sacred pledge" to back Aberhart and implement the original plan for a Social Credit system, which involved complete control of money and banking in the province.

L. B. Byrne, Social Credit expert and associate of Major Douglas, has been given a 10-year contract as commissioner to administer the Social Credit Act passed last year. The new legislative session just getting under way is the fifth since Aberhart took office.

Its opening indicated storms ahead, as applause from the gallery greeted

## Gulf Storm Rages; Rain Is Forecast

10-Inch Rainfall in New Orleans—Rain Forecast for Arkansas

NEW ORLEANS.—(AP)—A Gulf of Mexico tropical disturbance Saturday broadened its area to reach from Florida to Texas and was spending itself in heavy rains that reached the 10-inch mark here.

The disturbance was reported 225 miles south of New Orleans in the Gulf.

#### Rain Forecast Here

The government weather report transmitted to The Star daily at noon by the Associated Press forecasts rain for all Arkansas Saturday and Sunday.

## Building by Home Material Sought

Hempstead "Home-Made Homes" Campaign Launched by Co. Agents

A program to build rural Arkansas with home-made homes from native materials is being launched in this county as a part of a state-wide movement under the leadership of the University of Arkansas College of Agriculture, announced Miss Melva Bullington, home demonstration agent, and Clifford Smith, county agent.

"Arkansas generally speaking never has made enough wealth to have satisfactory commercially-built rural homes which involve the outright purchase of all materials and labor. Last year the average income of the farmers of Arkansas was about \$600, and such a sum does not build homes, these agents said in explaining this

## Battle of Chinese City Now in 50th Day, and No Gains

Jap Fleet in River Shells the Shore Without Appreciable Effect

### A SOVIET DEMAND

Russia Demands Arms Shipments Be Permitted Spanish Government

SHANGHAI, China.—(AP)—Chinese and Japanese troops fought each other to a standstill Saturday in the 50-day battle for Shanghai's North Station where the Chinese defense line is anchored only a stone's throw from the foreign settlement.

While Japanese warships in the Whangpoo river blanketed the area with a barrage of shells, planes dropped demolition bombs on Chapel and several burned areas formerly in Shanghai's foreign districts.

The Chinese commanders declared 200 Japanese were killed in close-quarter fighting around North Station. Japanese naval officers said a Japanese plane sank a Chinese cruiser in the Yangtze.

Japanese reported the capture of Sangyuan in North China. A spokesman for the Chinese government's foreign office at Nanjing declared China would press immediately at Geneva and in world capitals for the invocation of economic sanctions against Japan.

### Russia vs. Italy

LONDON, Eng.—(AP)—The Soviet Union was reported Saturday to have demanded abandonment of the entire Spanish non-intervention scheme, permitting shipments of arms and volunteers to bolster the Spanish government.

The Soviets urged that the Franco-Spanish frontier be thrown open to such help.

Diplomats said the Russian move would form the basis for further Russian negotiations to obtain greater equality of opportunity to help the Lefist-inclined republican government of the war-torn nation.

The Russian demand, and the chilling prospect of an Italo-German military push to crush the Valencia government before winter, and what was believed to be Italy's impending refusal to even talk formally about her intervention in Spain, created a tense tangle of affairs.

## Golf Tournament to Be Played Here Sunday

A blind-bogey tournament will be played at 2 p. m. Sunday on the local golf course, it was announced by Lew Brown, in charge of the course.

The fairways have been cut and the course is in good condition. All golf players are invited to participate.

The area of Alaska is nearly equal to that of California, Delaware, Maryland, Montana and Texas combined.

### A Thought

God is a sure paymaster. He may not pay at the end of every week, or month, or year, but remember He pays in the end. Anne of Austria.

## Scene of "Social Credit" Experiment

For the fifth time in the two years of the Aberhart Social Credit government, the provincial legislature of Alberta meets here in the Capitol at Edmonton, Alta., to try to put in effect the Social Credit program. Stormy scenes in early sessions promise still more birth-pangs for the world's first Social Credit system.

## Mankind's "Other Side" in Startling Contrast

THERE are on display in Europe right now two exhibits which seem to sum up the tragic contradictions in the soul of modern man as nothing else could.

One of them is to be seen in Spain, where bombs crash into crowded city streets, tanks lumber across broken fields spitting flame and destruction, and men shoot their brother men by the hundreds because they cannot agree on the way society is to be run.

The other is on view at the grand Paris Exposition, where there is a magnificent display of man's scientific achievements—his reading of the riddle of the stars, his conquests over disease, his brilliant reconstruction of his race's history, his harnessing of nature to do his will.

Vera Michele Dean, editor of the weekly Bulletin of the Foreign Policy Association, makes this comment on these two exhibits:

"Undismayed by knowledge of his own mortality and the possible finiteness of the universe, the scientist, on a battlefield which spans the world, strives not only to preserve life but enrich it. Yet outside his laboratory, humanity, with growing indifference, accepts 'the deliberate increase in the chances of death inflicted by modern warfare.'"

IT IS a dismaying and an incomprehensible thing, this two-sidedness of man, this blending of magnificence and horror. The genius that conquers a world-old plague is the same genius that sends up airplanes to drop bombs on school rooms; the restless drive for accomplishment which can weigh, analyze and chart the movements of a star millions of light years away is the same force that divides a nation into warring camps and puts brother at the throat of brother.

The fact that human nature contains these contradictions—that man, who is made "a little lower than the angels" and can rise to dazzling heights of self-abnegation and mastery, also contains black spirits of cruelty and hatred and can be blind and destructive in his folly—this is not news. The race has always had a dual personality, a mingling of good and evil. But it is only in this modern world that the contrast between humanity's best efforts and its worst efforts has become so startling.

For our recent advances in the physical sciences have enormously increased our powers—for evil as well as for good. If a good man can do more to help the world now than ever before, because infinitely more efficient tools are in his hands, a bad man can do more to hurt it. Attila himself with his horde of savage marauders could not inflict destruction and misery on a given territory as quickly and completely as can an aviation corps major with a couple of flights of bombing planes.

IN THIS fact lies the greatest of our problems. The echoes of our actions carry farther than they used to. More than ever before, we are required to master ourselves, to control the brute that is in us, and to give permanent ascendancy to those forces in human nature which seek to lead us toward the stars.

## Tammany's Fadeout?

IT BEGINS to look as if the golden age of Tammany Hall had gone never to return.

Tammany has taken plenty of lickings, in the past; but up to now, Tammany always came back. Never has it stayed on the skids as long as it is staying on them now; never has its outlook for the future been so dark.

LaGuardia gave Tammany a sound whipping four years ago; LaGuardia and Mahoney gave it an even sounder one in this fall's primaries. The Hall is disorganized and discouraged. Furthermore, a fundamental change in New York's make-up has made it improbable that Tammany will ever regain all of its old dominance.

For the borough of Manhattan, where Tammany holds forth, is no longer the most populous of New York's boroughs. Tammany is actually a minority group in the city's life now. With the other boroughs united at last in an ably led political machine, it is very doubtful that even a reorganized Tammany could recover more than a part of its old leadership.

## The Family Doctor

By DR. MORRIS FISHBEN  
Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine.

## Early Treatment for Breast Cancer Adds Many Years to Life Expectancy

This is the 13th in a series of articles in which Dr. Morris Fishben discusses cancer, its causes and methods for prevention and treatment.

(No. 334)

Any woman who has been troubled with cancer or tumor of the breast should know that modern medicine, given a chance, provides ways of extending life.

The average length of life after discovery of cancer of the breast is 38 months, but scientific medicine has advanced to such a point that any woman who is treated early with this condition has a good chance of living for 10 years or more.

In 1878, a famous German surgeon found that 23 per cent of the women on whom he operated with cancer of the breast died and that less than 5 per cent lived for more than three years after the operation. Today as many as 70 per cent of women in whom the diagnosis is made early will be found alive and well 10 years after treatment is begun.

Probably the best figures are those developed by the Medical Research Council of Great Britain. It was found

that a woman with cancer of the breast who is not treated at all may expect to live 17.2 per cent of the normal duration of her life.

A woman operated on under ordinary conditions may expect to live 30.4 per cent of her normal duration.

However, a person operated on under the most favorable conditions, when the tumor is seen early, may expect to live 68.5 per cent of the normal duration.

In one hospital, 90.7 per cent of women operated on while the growth was still confined to the breast were alive 10 years after operation. But 91.3 per cent of those operated on after the glands under the arm were involved by the cancer were dead within 10 years.

A woman operated on under ordinary conditions may expect to live 18.87 years longer. If she develops a cancer of the breast and is not treated promptly, she may reasonably expect to live 3.25 years. If, however, the cancer is diagnosed early and she is given adequate treatment, she may expect to live 12.93 years.

NEXT: Diagnosis and treatment of breast cancer.

## Bobcats Roll Over

(Continued from Page One)

ed for first down and Bright then got off a weak punt that gave the Buckaroos the ball on Hope's 40. Two passes failed and then McHaney hit the line for eight yards. On fourth down he punted over the goal line.

Hope took the ball on its 20. Bright made five. Two more attempts failed and Ramsey went back to punt, booting the ball to the Buckaroo safety who was brought down in midfield. McHaney made eight yards and then attempted to pass. Robert Jewell, Hope's 150-center, intercepting it. Ramsey took a seven-yard pass from Bright, putting the ball in midfield. Two line plays failed and then Ramsey punted out on the Buckaroo 30 as the half ended.

Third Quarter  
Smackover received, Hayden re-

turning to his 28. Eason recovered a fumble on the first play, giving Hope the ball on the Buckaroo 30. Bright made 3 around end. Aslin picked up a yard and then Bright made it a first down. Hope fumbled twice in succession but recovered. A line play failed and then a pass went for naught. The Bucks, after no gain, punted on fourth down. Bright being downed in midfield. Bright made three, failed on two other attempts and punted to the Buckaroo 20.

Three Buckaroo plays failed to net a first down and then McHaney punted to Bright who was brought down on his own 35. A punting duel then finally left the ball in Hope's possession about midfield. Eason plunged five yards to the Buckaroo 45 as the quarter ended.

Fourth Quarter  
Bright made five and first down. On the next play he went through the line but fumbled. Smackover recovered on the 30. McHaney battered through the line for seven and Daly made it first down. McHaney, Scott and Daly carried the ball to Hope's 40 where the Robert line stiffened and held for downs. Bright tore off nine and Eason made it first down. Bright made two, then seven and then hurried the line to make it first down on the Buckaroo 40.

Eight then found an opening over Stone and ran forty yards to score Hope's second touchdown. W. Parsons failed in attempt to kick for extra point.

Smackover received and McHaney returned to his 28. On the next play Captain G. V. Keith, Hope left guard, intercepted a pass to give the Bucks the ball on the Buckaroo 30. Leonard Bearden swept around left end for seven yards. Eason made it first down. Bright plunged for 1 yard and then faded back and threw a pass to Percy Ramsey, left end, who stepped over the line with the ball for touchdown. W. Parsons ran around his left side for the extra point, making the score 20 to 0.

Smackover received, McHaney passed to E. Barker for first down. Bearden intercepted a pass, ran to his right and lateraled to Bright who fell to the ground about midfield. Bearden made 10 around end and then Eason five. The Bucks held for downs—then taking the ball, opened up with a series of passes that carried the ball to Hope's 40 as the game ended.

Black Admits He

(Continued from Page One)

of lack of professional ability, but because there are in his locality few members of his faith or his race, it will again set neighbor against neighbor and turn old friends into now enemies.

To contribute my part in averting such a catastrophe in this land dedicated to tolerance and freedom, I break with precedents of the past to talk with you tonight.

Record Refutes Tolerance

An effort is being made to convince the people of America that I am intolerant, and that I am prejudiced against the people of the Jewish and Catholic faiths, and against members

of the negro race. These insinuations are advanced despite the fact that, for the last 11 years, I have served in the Senate of the United States under constant and microscopic public scrutiny.

My words and acts are a matter of public record. I believe that my record as a senator refutes every implication of racial or religious intolerance. It shows that I was of that group of liberal senators who have consistently fought for civil, economic and religious rights of all Americans, without regard to race or creed.

Resigned Klan

The insinuations of racial and religious intolerance made concerning me are based on the fact that I joined the Ku Klux Klan about 15 years ago. I did join the Klan. I later resigned. I never rejoined. What appeared then, or what appears now, on the records of the organization, I do not know.

I never have considered away I do not now consider the unsolicited aid given to me shortly after my nomination to the Senate as a membership of any kind in the Ku Klux Klan. I never used it. I did not even keep it.

Before becoming a senator I dropped the Klan. I have had nothing whatever to do with it since that time. I abandoned it. I completely discontinued any association with the organization.

Press Is Bitterly

(Continued from Page One)

(Dem.): "Most Americans will be prepared to forget a Klan membership six years behind a Senate service devoted to the welfare of all the people, white, black, Protestant, Catholic, Jew. It is too well known that many essentially good men foolishly aligned themselves with this now fortunately defunct organization."

New York Times (Independent): "Regardless of the present views he holds and his affirmation of faith in the principles of racial and religious tolerance, it is a deplorable thing that a man who has ever taken the oath of allegiance in a sinister and destructive organization should now take his place on the highest court of justice in this country. The nomination was a tragic blunder."

Des Moines, Ia., Register: "Justice Black's address was the best statement he could have made under the circumstances. It does not abolish the record of his silence, his want of candor and his apparent lack of due sensitivity when the Klan charges were made during the debate on confirmation."

Four Venetian glassworkers were bribed by certain interests in France to run away from Venice and take their mirror-making art to that country, thus giving the world the secret.

Five hundred feature pictures were produced in Hollywood during 1935. These involved an investment of \$135,000,000 in total picture making and \$350,000,000 in taxes.

Registration of thousands for social credit benefits when bestowed have already been made, each beneficiary signing an agreement to co-operate with various plans of the government before becoming eligible for the payments. And some of the "velocity dollars" or script issued last fall, with their tax on each turnover, are still circulating. But the real nub of the Social Credit system is yet to be realized.

May Seek Fresh Mandate

Alberta is today under what amounts to a 100 per cent private debt moratorium. This is the second such moratorium during the past two years. The province itself has defaulted both interest and principal payments on its debt.

These and other developments have

led many to expect that there may be a general election this fall. Aberhart has in one breath denied this possibility, and in another stated that "I may be compelled to have an election," apparently referring to the nullification of his bank bill at Ottawa.

If his resignation should be demanded by the Ottawa government for "lack of confidence" under Canadian election custom, Aberhart could then go to the people in a new election seeking a fresh mandate.

The present meeting of the legislature is the third this year, breaking all Canadian records. Premier Aberhart now holds two cabinet portfolios, minister of education and attorney-general, besides being president of the executive council.

Education Is Varied

After eight years of public school, a German boy of 14 frequently leaves school to take up employment as an apprentice or learner. Leaving public school, however, does not mean that his "compulsory" education is ended. Another four years in a continuation school, where he studies part-time, are obligatory unless he has entered a middle or high school.

Hans joined the Hitler Youth organization at 10. On his 18th birthday he will change over to the Storm Troops. At 19 he will be mustered into the labor service. Then he will have to go to four years in the army, navy or air force.

"Blood and Honor"

He takes great pride in his Hitler uniform. Although he is not required

to wear it, he gets a thrill out of fighting man. His uniform is adorned with the engraved inscriptions "Blood and Honor," the motto of the Hitler Youth. "It is strictly forbidden, however, to carry the dagger," says Hans' father is an Oberregimental, a high official in the civil service, earns 7,550 marks a year, the equivalent of \$3,020.

The family occupies a five-room apartment in one of the many stucco town buildings put up during the building boom of 30 years ago, though the apartment lacks the improvements of American buildings. It is roomy and well-kept. There was no Jerry-building in those days.

Politically Minded

Political schooling" upon Hans is readily noticeable. He has become a "political soldier of Adolf Hitler." The influence of four years of school with the ideas of what the Nazis understand by nationalism and socialism thoroughly hammered into his mind. His organization takes second place only to his family.

With Germany striving for economic self-sufficiency, it is Hans' duty to lend a hand to help the nation's effort a success. He and his comrades go from house to house in his district to collect any kind of household waste from tin foil, fruit bones in support of the second four-year plan. He also spends part of his summer vacation in voluntary farm work.

Leaders' Specially Trained

If by chance his superior in the Hitler Youth discover any qualities of leadership in the boy's conduct, Hans will receive an opportunity to join the Nazi "Fuehrerschule," where the future leaders of the country are trained. To join this school, he will need two "guarantors" of excellent standing in the Nazi party who must act as the boy's tutors for the time of his four or five years of hard training in every field of politics, sociology and all other subjects essential for a Nazi leader.

Next: France.

As to the feelings of the (European) peoples, I was not able to find out. I was a tourist and tourists get very consideration—Dr. C. B. Emerson, Cleveland, after touring Germany and Italy.

The 1179 Catholic high schools in the United States had a total enrollment of 207,767 students in 1936.

German Boy Can Go

## Gary Cooper in a New Epic of Sea

Frances Dee and George Raft in Cast—Saenger Sunday to Tuesday

Pictures' most famous soldier-of-fortune, stalwart Gary Cooper, comes to the screen again as an adventurer in what has been called the most powerful role of his distinguished career in "Souls at Sea," the epic of the sea which opens Sunday at the Saenger theater through Tuesday.

Cooper plays the hero of a true story for the first time in his career in "Souls at Sea." He re-enacts the role played in real life by "Nugget" Taylor, a sea captain of the '40's, whose famous trial for manslaughter on the high seas is one of the ocean's most amazing and thrilling stories. He is supported by George Raft, Frances Dee, Harry Wilcox, Harry Carey, Olympia Branda, Robert Cummings, Porter Hall and many other noted featured players.

Cooper's prototype, "Nugget," was a passenger aboard the brig "William Brown" when that ship made her last voyage from Liverpool to New York. Among the passengers was his sweetheart, played by Miss Dee, and his constant companion, played by Raft. In mid-Atlantic the vessel caught fire under the most mysterious of circumstances. Her master, portrayed by Carey, was killed and because of his rank, "Nugget" assumed command. Despite the efforts of the ship's company to stem the fire it soon became apparent that the vessel was lost and that the entire company must take to the two small boats, wholly unable to handle the large number of survivors.

"Nugget" summoned the crew and passengers before him and made them tell him why they thought they should be saved. In this way he assigned most of the list to the ocean's bottom and a select few, including himself and his sweetheart, to the precarious "safety" afforded by the small boats. He saved himself, he later testified, because he was the only man left who knew how to navigate a boat and the safety of the survivors depended upon him.

Despite this, his sweetheart turned on him—mainly because he had consigned her brother, a renegade British officer mixed up in the slave trade, to the bottom. But "Nugget" was not convicted by the court who tried him later. The reason why makes "Souls at Sea" just as amazing as the true story from which it was taken.

## "Souls at Sea" at Saenger

## 'Imitation of Life' in Return Showing

Famous Claudette Colbert Film Coming to Saenger Wednesday

Seldom, if ever, has there been such a combination of elements which mean good entertainment as there are in "Imitation of Life," that Manager Swanger has booked for a one-day, Wednesday, return showing at the Saenger.

Fannie Hurst's great novel, will interest millions of women. "Back Street" proved that Fannie Hurst understands thoroughly what women like to see in a moving picture. John Stahl in that picture proved that he knew how to transmute to the screen every last ounce of interest which lay in a Fannie Hurst story. There is no director in the world who has this faculty in the same degree that John Stahl possesses it. And he directed "Imitation of Life," also.

Then there is the popularity of Claudette Colbert, who is an ideal heroine for Fannie Hurst's story. John Stahl searched for three months before he was satisfied even with Claudette Colbert. The minute her tests were seen, however, he knew that she was the "Best" Pullman. A dozen leading men were discarded before John Stahl decided upon Warren William. These two are just now being acclaimed for their work in "Cleopatra." The cast supporting them is of real star proportions. Rochelle Hudson plays the baby grown up, with Alan Hale, Ned Sparks, Henry Armetta, Louise Beavers, Henry Kolker, Alma Tell, G. P. Huntly, Jr., Wyndham Standing and Paul Porcasi.

## So They Say

I'd rather be the secretary to Mr. Manville any day than be his wife—Dolly Goering of Kentucky, Tommy Manville's secretary.

Who ever saw anyone get up from a good meal with anything but a cheerful, tolerant attitude toward his fellow man?—Lewis W. Waters, food technician of Cambridge, Mass.

We categorically refuse to be hooked up with those whose scheme is the destruction of Europe—Adolf Hitler. If you took every dollar of every multi-millionaire in the country into a pool, that would not pay the interest on the national debt, to say nothing of paying the principal.—Alfred E. Smith.

## "Mutiny on the Bounty" at Rialto

Sea Classic Returns Sunday for Three-Day Engagement Here

Proclaimed the greatest of all sea dramas, "Mutiny on the Bounty" opens a three day return showing Sunday at the Rialto.

Aside from entertainment, it presents an authentic visual document of one of the most notable chapters of maritime history—the mutiny on the H. M. S. Bounty one hundred and fifty years ago.

In the annals of the sea there is no more fascinating story than that told of the Bounty which set sail from England in 1787, bound for Tahiti.

In charge was Lieutenant Bligh, a harsh taskmaster. Storms lengthened the voyage, food ran low and as Bligh's temper increased he raged at his underfed and embittered crew. The golden days that followed the arrival at Tahiti temporarily quieted his men, but shortly after the start of the return voyage Bligh's tyranny brought rebellion to the breaking point and his men rose in mutiny.

Three followed adventures that have never since had their equal in naval history; Bligh and his eighteen loyal seamen sailing 4,000 miles in an open boat; escaped mutineers seeking refuge with their native wives; Bligh's return and the capture of several of the mutineers; another shipwreck and Bligh again in an open boat at the mercy of the sea on a 3,500 mile cruise; and the final naval courtmartial back in England with all its tragedy and faded hopes.

Three of the greatest actors either on stage or screen head the cast of more than fifty featured players. They are Charles Laughton, as Captain Bligh; Clark Gable, as Fletcher Christian, leader of the mutineers and; Franchot Tone, as Midshipman Byam.

Tosti, evangelist of Sebring, Ohio, will come to a close Sunday night. These meetings have been attended by fine crowds from night to night.

A special Sunday School Rally is being planned for Sunday at 10 a. m. and all children are invited to attend. The meeting will be aided by special singing and music with people from Texarkana. The closing service will be by the evangelist in the evening service beginning at 7:45.

A special invitation is extended to all to come and enjoy these closing services. The pastor extends a cordial invitation to all the pastors and churches of the city to attend this closing service.

James R. Walsh, Pastor.

FIRST METHODIST CHURCH  
Fred R. Harrison, Pastor

All regular services will be held. The pastor will return Saturday night from Stamps where he has been holding a week's revival meeting and will preach at both hours Sunday.

## At the New

Sunday and Monday of this week we have a dramatic romance "Sworn Enemy" with Robert Young, Florence Rice, Lewis Stone, Nat Pendleton.

Story, production detail, quality of action and character of direction combine to make this picture substantial entertainment. In theme the film is a gangster-menaced dramatic romance. It moves fast, creating interest early and holding it continually. Dialogue and action are well balanced and the situation developed are fresh and different.

Desire for revenge upon a common enemy is the premise of the story. Crippled but vicious gangster Joe Emerald is the sworn enemy of for people. Hank Sherman knows that he is responsible for the killing of his brother, Doctor Gattie and his daughter are determined to square accounts with Emerald for his part in having Gattie railroaded to jail as a cover up for one of his crimes. A dumb prize fighter Krupp is convinced that Emerald causes his manager's death. As the gangster drama, contrasted by appealing love interest involving Hank and Margaret Gattie, and hilarious comedy mainly provided by Krupp, is developed to the tempo of suspense-laden action, exceptional acting and intelligent director merge to give the film an attention-holding character.

Using the familiar, but effective features common to gangster-inspired entertainment, the story builds a unique and different climax in that Emerald's determination to be supremely powerful in the underworld is secondary to his ambition for physical perfection.

A cripple, he is pathetically envious of Krupp's strength. When he tries to get the fighter under his management, he sets the stake leading to his own downfall and the elimination of his mobsters.

The production gives ample evidence of careful preparation with a particular eye towards providing something different in a stock pattern to make for interesting entertainment.

## 'Small-Town Girl' New Rialto Film

Starring Janet Gaynor, It Will Be There Wednesday and Thursday

The star of the immortal "Seventh Heaven," Janet Gaynor, and the sensation of "Magnificent Obsession," Robert Taylor, have joined hands to bring to the screen one of the most stirring modern romances in "Small Town Girl."

Both reach new heights in the stirring story about a modern runaway marriage brought about by the rural girl's effort to escape the boredom of a small town that is snuffing out her life.

If you like real entertainment with thrills, laughs tears and action, then

see "Small Town Girl," starring Janet Gaynor and Robert Taylor, at the Rialto Wednesday and Thursday for a special return showing.

new program.

However, Arkansas is richly blessed with native materials such as rock, stone, timber, gravel and sand, and all the individual farmers need to do is to bring all or any of these materials together in the form of a house. When he does this he is creating wealth just as much as when he produces a crop.

Iowa builds good homes from a commercial standpoint, because Iowa has produced wealth, but it doesn't possess native materials. Arkansas hasn't produced great per capita farm wealth such as Iowa, but she has the advantage of native materials, which can be used very effectively.

The objective of the program is the attainment of a better standard of housing through the use of available native materials and home labor. A large amount of cash will not be an important factor in the campaign in view of the fact emphasis is being placed on the use of toll-sawed lumber cut from farm woodlots, field stones and rock gathered from hill sides, logs, sand and gravel, in addition to the use of family labor in construction. The use of these materials and home labor will in turn release available cash for investment in such home equipment as storage space, cabinets, flooring, plumbing fixtures, screening, all of which in the final analysis means higher standards of rural housing, the agents said.

Mr. and Mrs. A. W. Martin of the Hopewell community constructed a log house using a house plan put out by the Agricultural Extension Service. The Martins used mostly native material and home labor. Their five room house cost \$100 and is valued at \$2500.

Included in this program is a plan service for farm people of this county. Miss Bullington and Mr. Smith now have a plan service handbook in which are the plans of some 100 farm dwellings and farm service buildings, developed for Arkansas conditions by the University of Arkansas College of Agriculture. Farm families in this county contemplating farm construction now or in the near future may have the advantage of this service.

## BARBS

Mussolini says all his thoughts are bent on preventing war. Not bent, Duce, just plain warped.

Tommy Manville paying \$200,000 to be free of his fourth wife should at least have the salience of an honorary certificate for sharing the wealth.

La Guardia received so many "write-in" votes in the New York primary

## Real Estate Notice
